

91ST YEAR

STIRRING TOWN MEETING

APPROVE OF THE LINCOLN MEMORIAL HIGHWAY BILL.

Resolutions Passed Asking Support for the Bill—Federal Building Bill Approved.

The largest and most enthusiastic town meeting held in this place for years was called into session by Burgess E. E. Slaybaugh on last Wednesday evening. The audience chamber of the Court House was filled. The Citizens Band was present lending its music to make the occasion a successful meeting.

Burgess Slaybaugh called the meeting to order by stating the purpose of it to be to promote and approve of the Lincoln Memorial Highway bill which has been introduced into the House of Representatives by Congressman Lafean, and into the Senate by Senator P. C. Knox, and upon the Public Building bill, and asked for nominations for chairman, and Wm. Arch. McClean, editor of the Compiler, was chosen, who upon taking the chair among other things said:

"It is an honor and pleasure to preside at a town meeting to consider the Lincoln Memorial Highway, and it is a special honor to preside at the largest town meeting ever seen in this place. This large meeting means that there is no divided opinion in Gettysburg as to the Lincoln Memorial Highway bill, and this is as it should be. Gettysburg has been criticised for inactivity. A congressman is reported to have remarked, 'Gettysburg is not interested because it has taken no action,' but the time is now here for action. The bill to create the road has been introduced into Congress, it has been referred to committee, who are ready to hear everything that can be said or done in its favor, and Gettysburg should now declare itself with no uncertainty. Westminster, Frederick, Baltimore and a number of other towns have already taken action and there is more reason for activity on the part of Gettysburg than any other town on account of what the road will mean to the town. History has linked for all time Lincoln with Gettysburg by reason of his great speech and the road will develop this association in greater degree. The wildest dreams may be unable to tell what the future of this town will be when the Lincoln Highway comes. But the selfish reason of what the road may mean to the town should not control us in our actions to-night. The road will be a thing of beauty, it will have a message of usefulness and a message of peace and the thousands and hundreds of thousands who come here will carry away this message of peace, usefulness and beauty, so that the road will be a tie that binds, making the words of Lincoln at Gettysburg prophetic of a new birth of freedom that this government shall not perish from the earth."

Geo. P. Black was then chosen as secretary of the meeting, and the meeting was asked to take action in the matter for which it had been convened.

Burgess E. E. Slaybaugh, editor of the "Star and Sentinel," offered the following resolutions, which were unanimously adopted after remarks by Dr. P. M. Bile, Dr. S. G. Heffelbower, Dr. J. A. Clutz, and Hon. R. Wm. Bream.

Whereas, Congressman D. F. Lafean has introduced into the House of Representatives bill No. 22,339, to construct a Lincoln Memorial Highway from the White House, District of Columbia, to the Battlefield of Gettysburg, and Senator P. C. Knox has introduced a similar bill in the United States Senate.

Resolved, That we, the citizens of Gettysburg and vicinity, in public meeting assembled, do hereby most heartily and enthusiastically approve and endorse the said bill and the act of Congressman Lafean and Senator Knox in introducing the same in Congress. The Lincoln Memorial Highway, from Washington to Gettysburg, is the most magnificent memorial a great and prosperous nation could raise to the immortal Lincoln upon the one hundredth anniversary of his birth, Feb. 12, 1909, and as an emblem of peace, would, in the largest sense, and more appropriately than any other memorial, typify the new birth of freedom to which the great Lincoln asked the nation to be resolved upon and dedicated to, in his sublime address at Gettysburg. And the Congress of the United States is urged and prayed to enact into law the bill creating the Lincoln Memorial Highway.

Resolved, That we do hereby heartily endorse the labors of Congressman Lafean in behalf of the bill for the Lincoln Memorial Highway, commanding him in highest terms, not only for what he has accomplished but also to what remains to be done by the representative of this district to bring unqualified success to this great project for his district and the nation.

Resolved, That a copy of these resolutions be sent to each of the following Hon. D. F. Lafean, Hon. P. C. Knox, Hon. Boies Penrose, Hon. James A. Tawney, Hon. Geo. D. McCrea, Hon. James T. McCleary, and Hon. J. A. Gildan, and that they be requested to support the Lincoln Memorial Highway bill with their vote and influence.

Dr. J. A. Clutz then spoke on the special fitness of a proposed dedication of the one hundredth anniversary of the birth of Abraham Lincoln in Gettysburg. That all over the land such celebrations would be held and that Gettysburg ought to specially celebrate it, and that a committee of five

Sportsman Association.

An effort will be made this week by a number of local sportsmen, with the help of representatives of the United Sportsmen of Pennsylvania, to organize a local Sportsmen Association.

The Pennsylvania Association defines a sportsman as one who never violates the letter or spirit of the laws and takes such game and fish in a skillful manner as he would have convenient use for and never to reduce the normal supply, and will do all that can be done to prevent destructive hunting and fishing contrary to law. They are against the pot hunter and fish hog.

The Association will ask the next Legislature to pass a law to prevent seining and gitting. Before this was permitted our fisherman around this place could go to Marsh Creek any day in season and be sure of catching a good mess of bass. During the last two years seining and gitting has done so much harm that fishing with rod, hook and line has been rendered profitless, and if this sport is to be preserved, seining and gitting must be prevented.

THE BOY'S X-MAS DINNER.

Gee! Th' Christmas dinner
Is a winner!
With th' turkey gettin' thinner
Till there's just th' bones an' neck
Like a wreck
Standin' lonesome on th' platter.
An' you feel yourself get fatter
When they pass th' sweet potatoes.
An' th' stewed corn-in' tomatoes,
An' th' cloves-stuck-in' ham,
An' th' jam,
An' th' celery an' pickles,
An' th' cider with th' tickles
When you swallow.

Christmas comes but once a year,
Mustn't spoil it while it's here;
When we've et th' table bare,
Gee! My clothes is laid to wear.
An' th' folks say: "Bless his heart—
He has done a grown man's part!"
Wish they'd bless my stomach, too—
That'd help when we get through,
'Cause my heart can get along
And keep beatin' good an' strong;
But my stomach 'll see whiz!
Guess that's where my conscience is—
Hope there's some left for to-night
When I'll have more appetite

All right!
Huh! My uncle John, w'y, he
Sez I lack capacity!
Gee! Th' Christmas dinner
Is a winner!

EDITORIALLY SPEAKING

MERRY XMAS.

Merry Christmas once more and it is a very simple thing to say. Every year there is a newness and freshness in the saying. It is a time of gladness, a time to make merry and a time of good will toward men, a message which never grows old and this message will be lost unless it is realized that the only way to be merry, to be glad, to bring good will is to give the merry, the gladness and good will. You get at Xmas exactly what you give and though your stocking run over with gifts they will mean little to you unless you give, for the value of what you get is what you give. Good feeling is measured not by what is received but by what is put in the giving and the only motive to govern the giving is good feeling. Giving with it one will get back more than one gives. We wishing all of our readers and patrons the best kind of a Merry Xmas.

LATE SHOPPING.

But better late than never. Xmas comes so quick that it catches the most of mortals unprepared in a way and there is a rush at the late hour to make good. The COMPILER has been carrying a number of Xmas ads, indeed more Xmas ads than ever carried before, taking more space, giving hundreds of hints. This is our last issue before Xmas. Look over the advertisements and decide what you have yet to buy and then get busy.

TOWN MEETING.

The Town Meeting on last Wednesday evening should remove any wrong impressions about the attitude of Gettysburg as to the Lincoln Memorial highway. The meeting, the largest town meeting, held for many years, shows where Gettysburg stands. This place is unlike many other towns. Other places have to do something to bring people within their borders. People come here because something great was done here and this makes for an unusual point of view and environment but Gettysburg people are all right and they are a unit for the Lincoln highway and in commendation of those who are actively working for the highway. Gettysburg is most earnestly and enthusiastically for the highway, not alone for selfish reasons, but they feel the appropriateness of a great and grand memorial from the association of Lincoln at Washington to the point where he made the greatest speech of the English language on American soil and nothing but magnificent highway fills the bill, and surely when Rome was able centuries ago to build the Appian Way two hundred and fifty miles long, it ought to be a very small task for the richest nation of all times to build a Lincoln Highway eighty three miles long.

WHAT ARE YOU GOING TO DO
TO GET READY FOR THE
50th ANNIVERSARY?

Put in a little space holiday time thinking what could be done for the town, what you could do, what I could do, to be ready for the 50th anniversary of the battle. It takes many thoughts to make an act and many little acts to accomplish results of any size, so thoughts are not lost, they help to make the public sentiment which will accomplish the necessary and appropriate things.

Here is the list of suggestions to date.

Concrete pavements around Diamond by borough, with concrete pillars for electric lights, concrete pavement in front of Court House and as much as citizens can put down.

Middle street Telefordized by the Battlefield Commissioners.

Rock Creek restored like it was during the battle by the Battlefield Commissioners.

Concrete pavements by College in front of their grounds on Washington and Carlisle streets.

There are some more ideas left. But think of these over the holidays, for sake of the hatching of the things to be done.

IRON SPRINGS PERSONALS.

IRON SPRINGS, Dec. 18.—Mr. and Mrs. Calvin Daywalt from Mt. Hope visited her sister Mrs. Elsie Dick.

Frank Felix has moved his sawmill from near Mt. Hope to Iron Springs near Iron Creek Trestle last week where he expects to saw quite a lot of shingles in the future.

A Division of Purpose.

Some years ago the Yankee schooner *Sally Ann*, under command of Captain Spender, was beat up by the *Conestoga* river. Mr. Constance, the mate, was sent ashore to wait. According to the story of the *Sally Ann*, the schooner was passing a marsh, too near certain mud flats, which lay along the baronet shore. She struck the marsh, and the captain and his mate were cooked on one side.

"Captain Spender, you're getting a few too close to them flats. Hadn't you better go about?" The captain glared at him. "Mr. Constock, best you go forward and lead to your part of the skinner," said the mate.

Mr. Constock went forward in high glee. "Boys," he bellowed out, "see that you mind he is all clear for lettin' go."

"Aye, aye, sir!" they replied. "Now, went they ashore, but rattled the chains, and like a flash the *Sally Ann* came sailing into the wind and soon brought up all standing. Mr. Constock walked aft and touched his cap.

"Well, cap'n, my part of the skinner is to anchor," Everybody's.

Men Should Brush Their Hair More.

"Very few men brush their hair enough," said a downtown barber. "Most of the scalp can be traced to that fault. You see it's this way: A man is generally in a hurry when he dresses, and he never takes time to brush his hair—simply smooth it down, generally only with a comb—and as a result dandruff is allowed to accumulate and trouble begins. Now, with a woman it's different. A woman has to carefully brush her hair at least once a day. If she didn't it would be a pretty mess. It's very length saves her, for in brushing it each day she gets out all sorts of impurities, dandruff and the like, all of which is for her own good. Now, that is the chief reason why fewer women suffer from dandruff than the unfortunate members of the opposite sex, and it is also here!"

So Bad as That!

A young medical student who was calling upon a girl volunteered to sing and help entertain the company which arrived unexpectedly. At the end of his second solo he turned to the young lady and remarked: "I am thinking of taking vocal lessons. Do you know of a good teacher?"

"Yes, indeed," was the quick reply. "I know the very one for you. Here is his address," and she scribbled the name on a card, giving it to the student.

Next day he called up the teacher by telephone: "Is this the instructor of vocal music?"

"The what?" was the answer. "The vocal teacher?" was repeated.

"Naw," came the reply, "I don't teach nothing. I file saws?" Ladies' Home Journal.

Most Northern Canada.

Of the possibilities of extreme northern Canada a traveler writes: "The country that one passes through from Athabasca Landing down to the Arctic Red River is full of vegetation and will, in my opinion, one day be settled. In all the mission gardens at the different posts that I passed I saw wheat and barley growing, potatoes, lettuces, turnips, carrots and every kind of vegetable that one grows in one's own garden at home. The country is thickly timbered near the banks of the river, and there are few places in which you do not find large patches of prairie. You pass by a great outrush of natural gas, and oil is oozing out for miles along the river bank."

It was a cold day before Christmas.

The father had arrived in town without the overcoat he had outgrown and asked where he could get an overcoat and was told to go to **Lestz**.

The big boy followed. He shivered in last summer's suit and wondered where he could get a warm winter suit and was told to go to **Lestz**.

The mother was not far behind, the youngest boy had worn out last month's shoes and his trousers were going fast and what was she to do, and she was told to go to **Lestz**.

The boy declared he would not mind the weather if he only had gloves and a cap with ear bobs and he was told to go to **Lestz**.

The big sister blushed as she wondered where she could get a silk muffler for a particular friend and was told to go to **Lestz**.

REV. J. A. KUNKELMAN, D.D., died at Greenville, Pa., on Monday of last week, Dec. 14th, at age of 78. The funeral services were held at Greenville on last Thursday afternoon with interment at Indianapolis, Ind. Dr. Kunkelman graduated from Gettysburg College in the class of 1851, and was pastor, among other places at Chambersburg in 1856 and President of Carlisle College in 1851. He was a classmate of the late Prof. Croll and Rev. Dr. Eli Huber.

JOHN FREDERICK TEAMAN died at the home of his daughter Mrs. Emanuel Chonister in Hamilton township on Tuesday of last week aged 77 years, 4 months and 4 days. He was stricken with paralysis last April and had been in failing health, the cause of his death however was sciatic rheumatism. He was born in Germany and at the age of 18 years came to this country and in 1854 settled at New Oxford. He was twice married, his first wife died 50 years ago. His second wife, who was Miss Elizabeth Yingling of New Oxford died two years ago. The funeral was held on Thursday, Rev. E. F. Dietterick conducting the services with interment at Pines Church. He leaves a son and daughter of the first wife, William Teaman of Indiana and Mrs. William Brown of St. Louis, and four sons and one daughter by his second wife, Henry Teaman of New Oxford, Edward Teaman of Bellefonte, Herman and Howard Teaman of Hanover and Mrs. Emanuel Chonister of Hamilton township.

J. HOWARD BEEFETNER died at his home in Hanover on Monday of last week from tuberculosis, aged 29 years. He was a cigar maker by trade and two years ago became conductor on the Hanover and McSherrystown Street Railway, which position he held at the time of his death. As conductor he had as motorman John B. Hudlitz who died some months ago from the same dread disease. The funeral was held on Wednesday of last week, interment in Mt. Oliver Cemetery, Hanover. He leaves a wife, who was Miss Mary Diller and one daughter Pearl. He is also survived by his parents and two brothers of Pennville, near Hanover.

KATHRYN LEFEVRE daughter of Mr. and Mrs. Joseph H. Lefevre of Hanover, former residents of Littlestown died on Monday of last week from typhoid pneumonia aged 13 years and 27 days. She is survived by her parents, three sisters and five brothers.

JOHN A. MARTIN, a well known business man of Hagerstown, died at his home on Sunday, Dec. 13th, from paralysis, aged 70 years. During the Civil War he answered the first call for troops by enlisting in a Pennsylvania Cavalry regiment. He was shot through the body at Gettysburg and at a later conflict received a saber wound in the head but reached the three score and ten mark.

Mrs. RUTH MUMFORD, died at the County Hospital last Saturday aged 78 years. Funeral yesterday, interment at Lower Bermudian Church. She lived near East Berlin a long time and leaves two sons, one living in York and one in East Berlin.

INFANT child of Mr. and Mrs. William Fleming of Washington Street died on Saturday, Dec. 13 and was buried on following day.

L. T. L. Meeting.

The regular meeting of the Sunny-side L. T. L. Alumni met Thursday evening, Dec. 11 at the home of Mr. and Mrs. E. Dale Heiges at Biglerville. The opening number on the program was the State Song, sung by all present. The regular Alumni business including reports of departments was transacted. The literary part of the program was very interesting. Margaret Heiges gave a recitation entitled "Sir Rodney's Delegate," a very pretty solo was rendered by Mrs. Klinefelter. Dialogue entitled "Way Down East" was given by Filmore Bream and Dale Heiges. Mrs. Heiges and the Misses Watkins and Heiges. They displayed how uncle Josh and aunt Samantha lived in an humble way and had managed to lay by a few thousand dollars. As they approached the goal of life they were looking up their relatives to see to whom they

Weak Throat—Weak Lungs

Cold after cold; cough after cough! Troubled with this taking-cold habit? Better break it up. We have great confidence in Ayer's Cherry Pectoral for this work. should bequeath their money. They came to visit their nieces, who were living in fashionable society. The one refused to acknowledge their relationship and did not want their friends to see the old folks in their house, but the other one treated them kindly and entertained them not knowing that she would afterward be rewarded for her kind words and actions.

Mae Watkins and Nellie Thomas sang a duet picturing a family quarrel and then how readily they could agree when a full understanding had been reached.

The meeting closed with a charming shadow play entitled "Country's Call." The first scene was before the War, with a soldier saying good-bye to his sweet heart, while the chorus of male voices behind the scene sang "Good-bye Nellie. The bugle sounded and soon the regular tramp, tramp of the soldiers as they marched away made a picture true to life.

The second scene was in camp on the battlefield, where a soldier lay mortally wounded, giving his comrades fare-well message for Nellie, while the chorus sang "Tenting Tonight," and "Shall We Meet Beyond the River."

The special feature of the social hour was a shoe hunt. The shoes, cut out of paper, had been previously hidden through the rooms and at a given signal all started to hunt. The person finding the most number of pairs in a given time was the winner and awarded a prize. Much amusement was afforded with speed contest, by doing various stunts with clothes pins and carrying apples on spoons.

IMPROVEMENTS GOING ON.

ANNESTON, Dec. 21.—A. J. Miller is putting a new roof house at his cemetery in this place.

The Arc Light Co. of Shippensburg have installed for N. L. Minter of this place one of their light system which lights up his place of business, dwelling house and the street in front nearly as light as day.

The Ormer Bros., butchers, of this place, dressed four hogs for Alex. J. Baumer weighing respectively 325, 406, 491, and 518 pounds. Total 1743 net, and turned out 14 cans of lard of 50 lbs. each.

Daniel Pottoroff received the contract to light the street lamps in this place for one year. He gets \$120 and furnishes the oil.

The two stores in this place will be closed on Christmas day and the post office will only be open during mail hours.

Henry Little and John N. Boyer, two of our aged veterans, are confined to their beds seriously ill.

Philip Bittinger, who was quite ill for several weeks is able to be up and about again.

A HOODOO TREE

ORRTANNA, Dec. 21.—Samuel Baumgardner has a hoodoo chestnut tree on his farm. It is five to six feet in diameter at the base. On Monday of last week Louis Sprengle and John Simyler proceeded to saw it down, and when the tree had been severed near the ground it refused to fall. The two men went home and came back Tuesday morning thinking it might conclude to come down over night, but it was standing as well balanced as it had stood during its whole life. The men then wedged it and climbing up the tree sawed off limbs so as to make it lose its balance but this did not good. The winds of last week did not effect it. Just when the hoodoo spell will leave it so that it will drop is the talk of this section.

Kreedy & Son have sold their property on East Mainstreet to John D. Loebman on private terms. The latter will take possession April 1st.

John Lentz sold his property in Franklin township, of about 60 acres to William Chapman for \$25. Large part of tract is timber land.

The Supervisors of Franklin township have improved our roads with a lot of crushed stones, so that driving is better now than usual at this time of the year. Keep putting on stone, for that is the only way to have a permanent road bed and beats to a fraze turning up dirt.

Otis Shultz is erecting a large chicken house on his property recently purchased from Israel Baum.

Ortanna will soon have a new enterprise in the shape of a stove factory. S. H. Baumgardner, the proprietor, is having the machinery put

in place and operations to begin in the near future.

Trapping is quite an industry at this season, and with varying success. Lewis Shull has captured three large grey foxes and James Lauver also captured one. Luther King got ten skunks out of one den, Jack Deardorff caught a large mink, while others are capturing musk rats, skunks, etc.

David Sharrah, our merrymo-go-around from house to house butcher, with thirty years experience of butchering, and who is hard to beat in doing up a beef or a lot of hogs, recently, with very little help, killed for Guy Linn, three large hogs, cut them up, made sausage, rendered the lard, in fact the whole routine of butchering, and was done until 1 o'clock, p. m., with the smoke all cleared away. Good, Dave.

Go to HEADQUARTERS for pure can dries, from 8 cts. per lb. upward, Mixed nuts 15 cts. upward, Oranges in abundance and at prices never so low. Our Christmas decorations were never finer. A fine line of glassware, Decorated salad and fruit dishes 25 cts. upward, Decorated dinner sets, \$2.75, \$3.50, \$4.00 and upwards. For lamps of all kinds we are headquarters. Call and see what 5, 10 and 25 sets will buy.

TEXAS

The Panhandle of Texas offers the very best environment of the entire United States for the man who wishes to locate on a good farm, as well as the opportunity for a good living and the opportunity for a good education. The climate is healthful, the soil is good, but it is not so good as some of the land in the eastern part of the state, and it will not grow as well as some of the land in the western part of the state, but it is good.

There is an abundance of rainfall during the spring and summer, and they have the healthiest and most pleasant climate during the year of any place in the United States. Plenty of absolutely fresh water.

We are selling this land for \$10 to \$15 per acre, according to distance from railroads and towns. Good terms, you can buy as many acres as you want and make as much or more than the rest of your land in the first year.

Our next excursion leaves Pittsburgh in the evening of Jan. 4th and 5th.

Send for our free illustrated booklet. You should investigate this proposition at once. Go with us on our next excursion. Now is your chance before the land is all sold, as thousands of Northern people have located there and the prices are sure to more than double in the near future. We will refund your expenses of making the trip if we have misrepresented the land.

Working Against Town.

It is one of the queer freaks of human nature the lengths some people in our own home town go to make trouble for a project that means inestimable benefit to the town. There was an example of this last week, on the part of the "Gettysburg Times" in the effort to discover and develop how a certain prominent Republican Congressman stood on the Lincoln Highway bill. Sought to have him declare his position and then having found out made it public to clinch him to his position thus working all the harm possible to this community and its future.

James G. Myers Killed.

Four men were killed and six injured in an accident at the new bridge being constructed over the Potomac River at Williamsport, Md. on last Wednesday morning. Among the killed was James G. Myers of Bendersville.

The bridge was nearing completion when the sad accident came. The piers were up. The green piers were in the middle of the river, and the traveler was working from the Maryland shore to the Virginia side. The steel girders were being placed on the green piers. The girders weighed twenty tons each and the traveler ten tons. There were sixteen men on the traveler. They were on feet above the river when the pier gave way and the entire mass of men and the girder went down carrying the men to death or injury. Five men on the pier helping to place the girder in position escaped as if by a miracle and were left standing on top of the pier. The water was shallow at the point where the accident occurred but the men were caught under the girder and crushed. The other workmen at once began the work of rescue.

James G. Myers was soon rescued, he was unconscious and died while being

taken in a wagon to the Potomac House. His body was crushed internally. He was a blacksmith by trade and was engaged on the steel work on the bridge. The body was taken to Bendersville and the funeral was held there from home of his aunt, Mrs. Caroline Crum, on last Thursday afternoon and interment made in the Bendersville cemetery. He leaves a wife and one daughter, Hilda. He is survived by three brothers and two sisters, Reuben and Charles Myers of Carlisle, Willis Myers of York, Mrs. M. C. Currents of Dillsburg, and Mrs. Ira Schlosser of Bendersville.

The causes of the accident are being investigated. Mason D. Pratt, the engineer who designed the bridge, and who is well known in this place, having been the engineer of the sewer plant here, was one of the witnesses before the inquest jury, and when asked whose duty it was to tell the steel men when to proceed with their work said, that if it had been put up to him he supposed it would have been his duty. He said that three days were ample time for concrete work properly mixed, to harden or set and that the placing of steel upon it could begin in that time. Cold weather might have some effect upon the concrete work but only that it would require more time to set. He stated that he had placed heavier weights upon concrete work of a similar size and had also used poor sand in concrete work which stood heavier weights. He had an analysis made of the cement used in the work and this analysis showed it to be the best. The sand was also inspected. Several of the experts examined were of the opinion that the cause of the accident was due to fact that concrete had not properly dried and that much more time should have been given to the drying before the steel girders were placed.

Samoa's Talking Man.
Samoa's talking man, or *tolafai*, is a character. All the affairs of state of the village in which he holds office are cast upon his shoulders. In ordinary he is the chief adviser, persuader, counselor and controller of the tribal chiefs. Having the ear of the queen, he makes the most of it. He enjoys immunity from many things. He cannot be spoken of in ordinary terms. If it should be necessary to speak of his eyes or his mouth or his limbs, special honorable words must be used, words which attach to him alone and have never been applied to the personal parts of ordinary men. As he stands to deliver his soft, persuasive, mellifluous oratory, with staff of office in his hand, any one can see that he is a man of great importance or if this is not apparent from his attitude it may be gathered from the attention paid to his utterances by gray-haired chiefs and by youth and maidens. If the talking man is a clever fellow and understands his business he is the chief ruling power in his tribe, although the nominal headship is always vested in a chief or patriarchal figurehead.

How Wyckoff Was Revealed.

The late Professor Walter A. Wyckoff of Princeton had a passion for knowledge at first hand and will be best remembered as the college professor who studied labor conditions by becoming himself a laborer. Starting in 1891 in Connecticut with no money and with a suit of overalls, he worked his way through nearly every state in the Union after the fashion of the floating laborers of this country, so many of whom ultimately become tramps. Wherever there was a possibility of work he applied for it, whether it were digging ditches, wrecking houses or factory work. For awhile he was incognito usually worked well, but as soon as his fellow laborers saw him, table they at once began to suspect him. His manner of eating, his way of holding knife and fork, at once set them speculating. Once he was seen drinking tea at a fellow laborer's house in Chicago. He lifted the saucer from the table, held it in his hand and forgot himself so far as to drink with out noise. "I knowed then," his host afterward said, "that he was a swell disquarding."—Harper's Weekly

The Most Beautiful Flag.

In a village school in the Acadia region of Nova Scotia the young girls teacher, who was from a portion of Canada more remote from the United States than the section she was in, was on one occasion preparing for a little celebration of empire day. On finding one of the boys, she gave him a coin and said to him:

"Take this, please, and go out and get us the prettiest flag you can find."

She had no idea, of course, of his procuring anything else than a British flag, and her astonishment was great, therefore, when the boy came back with a small edition of the stars and stripes.

"What have you there?" the teacher asked sharply. "Did you suppose I sent you for anything else than the flag of your country?"

"Why," answered the boy, "you told me to get the prettiest flag I could find and there was nothing else so pretty as this."

The boy's judgment was unprejudiced, at any rate, for he was a Canadian.

Oh, Wait Till He Returns.

"Why, my dear," exclaimed the good friend on finding Mrs. Newell in floods of tears, "what is the matter?"

The young wife wiped her eyes and tried to compose herself and be as humanly calm.

"Well," she began, with folded hands, "you know John is away for a week."

"Yes, dear," helped the lady friend. "Well, be writes to me regularly, and in his last letter he tells me he gets my photo out and kisses it every day."

"But that is nothing for you to cry about!" exclaimed the good friend.

"Yes, it is," cried Mrs. Newell. "First it is tears afresh. She began to take my picture out of his bag before he started just for a joke, and put one of mom-mom's in its place."

Why They Don't Desert.

"Instances of desertion from the army in Mexico are very rare and for the best of reasons," said Señor José Ce Minález of Nueva Leon.

"The reason lies in the almost sure capture of the fugitive and the certainty that he will get not one but many floggings on his bare back. These lashings are done in the presence of the comrades of the deserter, and when the men see how great is the suffering of the miserable wretch who tried to gain to quit his military obligations they are forced to conclude that it is better to stick to the army than to undergo such a terrible ordeal."—Daily American.

Audiences Have Charged.

"They don't want our men to play the game to us," said Mr. Steamer Barnes. "They are like little boys then that make up their minds."

"Yes," answered the sergeant, "but you must know that the men who they had in mind were not to be found in the ranks of the general Ap-

peal."

"No, they didn't," charged Mr. Steamer Barnes. "They means well, but you can't work some thing more mean by us in words of three syllables."—Washington Star.

Brave actions never want a trumpet—Italian Proverb.

We are prepared, for a great holiday business, with the goods usually called SENSIBLE and USEABLE. We are prepared also to give the best kind of service by Mail, if you find it impracticable to come to see us.

We aim to make this advertisement a catalogue of helpful suggestions, but we have a great many articles that we cannot name in a single advertisement, so if you know of anything not named the chances are that in this \$60,000.00 stock of merchandise, we have it, and have it at the right price too, possibly even less than others.

We advise early shopping--Look at your calendar and see how very few days are left for you to do it in.

Ladies' Gloves

It is said that the French women are never dowdy, but always thoroughly "chic," not because of the costliness of her gown so much as because she pays attention to detail, foremost of which is her gloved hand.

For gift giving there are few things so thoroughly appreciative by "Milady" as a pair or more of good Kid gloves. We are prepared to care for special demands as follows:

One Clasp Cape in Grey, Prix seam, a thoroughly good glove for walking and driving. 1.50
One clasp Cape Glove, Black, Brown, Tan, \$1.00

DRESS SKIRTS

A seasonable gift—that extra skirt—a choosing from over two hundred dress skirts, probably 50 styles. May not find your size in just the style you choose first, but sure to find it in something, with the price on many a fourth or more off the usual. Why?—broken lots—too many lots.

Panamas, Serges, Voiles, Silks, at almost any price you wish to expend for this gift.

LADIES AND MISSES CLOAKS

Give her a surprise of a nice coat or an Evening Cape. You can guess at the size nearer a fit than in a coat suit perhaps. The mild weather, in all of the November season, has given the maker a great surplus stock, because there was disappointment in the re-orders expected; and so down goes the price, in many instances a fourth less than early—yours to save his to lose on the very newest shapes.

Don't wait until the last moment before making your selection, there is nothing to gain in price, and possibly much to lose in the smaller selection you'll have.

WOMEN'S TAILORED SUITS

A mark down on the balance of stock, still good choosing, a clear saving of from 83 to 86 on a suit.
